Bais Hamikdash will be completed by the strengthening of Tznius

A message from the Heavenly Court from a 15- year old girl from her sickbed in the hospital

A short while ago I suffered from terrible pain in my abdomen. I received medical treatment which caused a deterioration in my condition. I collapsed and lost consciousness. I had no pulse for 40 minutes. I suffered a Near Death Experience. Hatzalah and a Mobile Intensive Care Unit came and worked on me for 40 minutes, but they weren't able to revive me. They told my mother to bring a white sheet, they thought that it was over. Meanwhile, I left my body and I was called before the Heavenly Court. My grandmother and other relatives were there. They were shouting, "Leave her alone, she dresses modestly. I saw that down below my relatives were taking upon themselves to strengthen themselves in Tznius. I saw the Third Bais Hamikdash, almost complete. I saw that the Third Bais Hamikdash is waiting to be completed by the strengthening of Tznius of women and girls. I saw that it said on the wall of the Bais Hamikdash that my sister promised to hook up 40 ladies to the Tznius line and I promised to publicize my story in order to strengthen women in Tznius.

Meanwhile, while they continued to try and revive me, my family promised to listen to stories about Tznius and took upon themselves commitments in Tznius. My sister promised to hook up 40 ladies to the Tznius line. I woke up in the Intensive Care ward in the hospital after being in a coma for a week. I cried and cried and wasn't able to move any part of my body and all I did was stare at the ceiling. The doctors were at a loss. On the one hand all the tests came out good, but I wasn't responding. At that time, my story was publicized on the Tznius phone line and I suddenly sat up in bed. My strength was renewed and now I am fulfilling my promise that I made to publicize my story to all the women and girls in the whole world!
