STEP 1.

To draw a cartoon camel you will need to start by drawing out the shape of the camels head, ad muzzle. Next draw the long neck line and then attach it to another circle for the mid section of the cartoon camels body. Draw another smaller circle for the butt end of the camel, and then add the long leg lines.

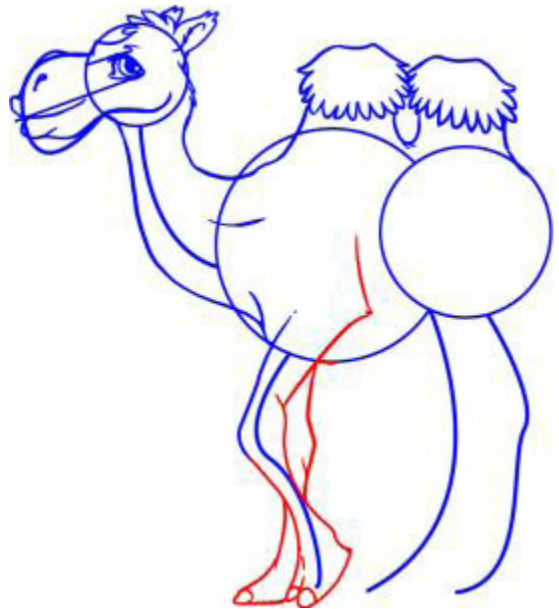

STEP 2.

Start sketching out the camels head which includes the ears, and fluffy head of hair. Next draw the rounded cartoon like shape of the camels mouth and or muzzle.

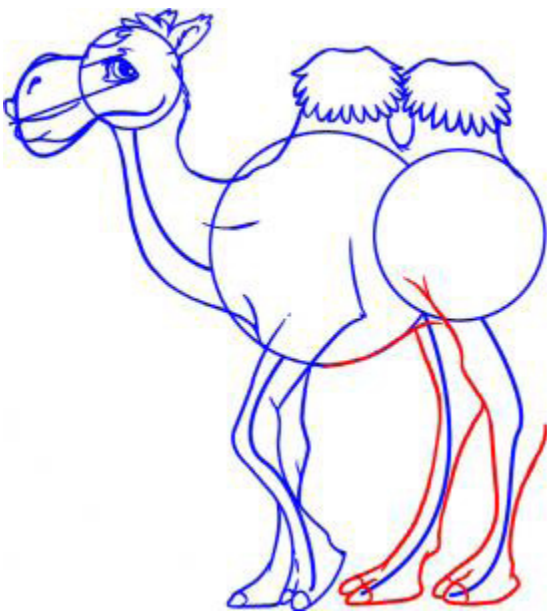

STEP 3.

You will now draw the lining shape of the jaw and then draw the thick shape of the cartoon camels neck as well as adding some defining detail. Next sketch out the eye, and then color in the pupil as well as a nostril hole. Draw the shapes of the humps and then sketch in the fur or hair on top of the camels humps.

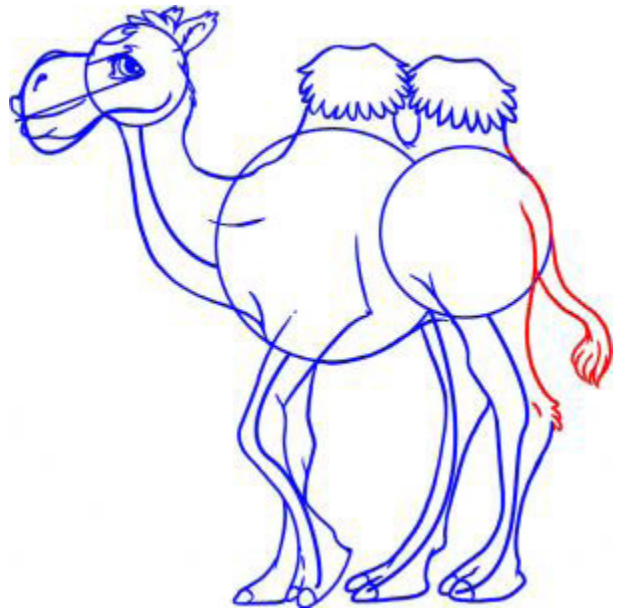

STEP 4.

You are almost done with this lesson, and all you have to do for step four, is draw the shapes of the camels front legs and feet. Once that is done add some detailing or definition to the skinny legs.

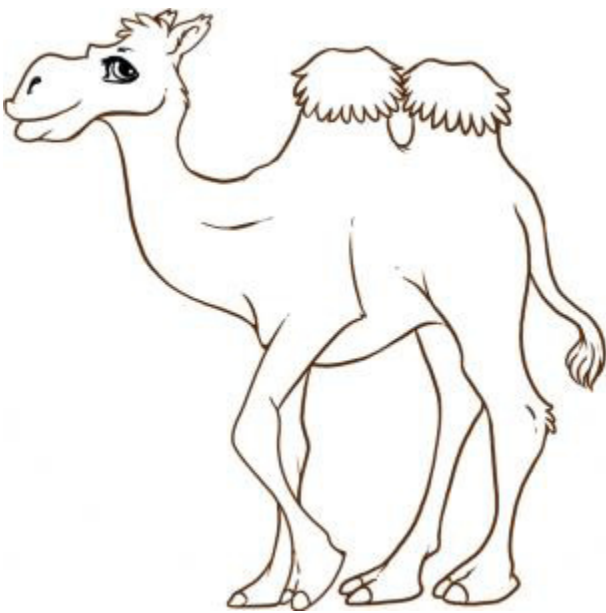

STEP 5.
