## CRUZ: A Compact Stroller Without Compromise

The CRUZ is a compact stroller that's perfect for urban adventures and folds easily for the car. Designed to tackle tough sidewalks and navigate narrow store aisles, the CRUZ is a full-featured stroller at a fraction of the size.

### Compact stroller frame

Our sleek and slim design fits through tight

doorways, down narrow aisles and busy city sidewalks.

## Extendable SPF 50+ sunshade

Pull-out sunshade extends to shield your child from harmful UV rays.

## Large easy-access basket

Enormous basket below fits everyday essentials. Large opening means easier to reach diaper bag and toys.

The CRUZ stroller paired with the MESA Infant Car Seat delivers a Performance Travel System that is the ultimate in portability and safety. No need to sacrifice performance for convenience.

The CRUZ is also compatible with a variety of Graco®,

Chicco®, Peg Perego®, or Maxi-Cosi® infant car seats with our adapters.

▶ More info

## Stands when folded

Easy-one-step fold with or without the seat attached.
